

*REMARKS/ARGUMENTS**The Present Invention*

The present invention pertains to methods of treating cancer, methods of treating an immune-related disease, methods of preventing cancer, pharmaceutical compositions, a method for inducing apoptosis of a natural killer cell, and methods of activating natural killer cell cytolytic activity.

*The Pending Claims*

Claims 1-5, 8-22, 25-65 are pending, of which claims 1-5, 8-13, and 39-47 are directed to methods of treating cancer, claims 14-17 are directed to methods of treating an immune-related disease, claims 18-22, 25-30, and 48-56 are directed to methods of preventing cancer, claims 31-38 and 57 are directed to pharmaceutical compositions, claims 58 and 59 are directed to methods for inducing apoptosis of a natural killer cell, and claims 60-65 are directed to methods of activating natural killer cell cytolytic activity.

*The Amendments to the Claims*

Claims 58-65 have been added and are supported by the specification at, for instance, Example 7 and Figure 6. No new matter has been added by way of these amendments.

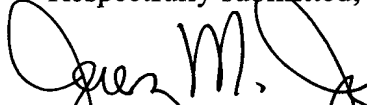

*Request for Correction of Inventorship*

Since the application has been amended to claim previously unclaimed subject matter by inventors not named in the application when an executed declaration under 37 CFR 1.63 was first filed, the inventorship is corrected to add Warren Leonard, Rosanne Spolski, and Katsutoshi Ozaki as inventors herewith in accordance with 37 CFR 1.48 (c).

*Conclusion*

If, in the opinion of the Examiner, a telephone conference would expedite the prosecution of the subject application, the Examiner is invited to call the undersigned attorney.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "Jer M. Jay", is written over a horizontal line.
